

COLUMBIA NEWS.

From Our Regular Correspondent.
The School Board held an adjourned meeting in the office of J. A. Meyers, corner of Second and Locust streets, last evening, for the adoption of "school readers" for the coming term. Representatives from several public schools have been in town for a few days, representing to the members of the School Board and others interested, as well as to any who may have the least speck of influence, merits of the books of the agency which rests with them. The School Board hearing the praises of all books brought to their notice sounded on all sides were no doubt placed in a sort of quandary, to get out of which required a motion to postpone the question for the present, which was carried. Things now rest just where they were six months ago and here they will probably continue to rest until the next school term.

The question of re-establishing the teachers' district institute also came up, and by the adoption of a resolution was made one of the facts of the next school term, with the effect that the institute is to be held semi-monthly. The teachers of the different schools are allowed a specified amount for each meeting of the institute at which they are present. The summer vacation will be over before the school board will have again met, unless, indeed, the members of special importance call the members together in the intervening time.

Around Town.
Stephen J. Younger, 21 sergeant of Co. H., of this place, has been appointed color sergeant of the 11th Regt., N. G. Pa., by order of the adjutant general. The appointment to date from Aug. 11, 1880. This appointment creates a vacancy in the line of sergeants of Co. H. Sergeant Younger was also by special order appointed acting sergeant major of the same regiment.

The regular monthly meeting of Columbia county court was held last evening in council chamber of the county house.

Fruit thieves are most complained of about Sixth and Walnut streets and further up. The inhabitants of the locality promise to make it warm for the guilty—mostly youngsters, if they succeed in capturing them.

J. D. Misher will bring "John Jack" to Columbia on August 21st. This is the first opera house engagement of the season. Misher has several others to follow.

Mr. I. C. Gilt has invited his friends of the Columbia Social club to meet him on Monday evening next in the club room, and there participate with him in the celebration of the anniversary of his birth. There will be no doubt be a large attendance on the occasion. That the members of the club will do justice to the viands to be spread before them is not doubted—by those who know them.

The Revs. Charles Wimbler and J. W. Deshong, pastor and ex-pastor of the Church of God, are in attendance at the Cumberland county campmeeting. There will be no services, other than the prayer-meetings, in the church to-morrow.

Osceola tribe No. 11, L. O. R. M., of this place, is picnicking today at Heise's woods.

Plover are now to be seen about here in right good numbers. Several of the Columbia sportsmen have been hanging about at the bird hatch "four four" and have brought into town by a party of four a few days ago.

Sheriff Strine was in town yesterday. An excursion train to Atlantic City and Cape May left the Reading & Columbia depot this morning.

A child of T. S. White, the timer, is now lying seriously ill with diphtheria.

INCENDIARISM.

An Old Dwelling House Burned.
This morning shortly after 2 o'clock a one-story weatherboarded log house, belonging to Joseph White, and situated on Church street, next door below the American Fire Engine house, was consumed and damaged so badly that it will have to be pulled down. The house was then occupied at the time, Mrs. Gardner (widow of Wm. Gardner) and her family having removed from it a few days ago. The incendiary fire was applied inside one of the back windows, and the back part of the building, therefore, suffered much more than the front. The firemen were very slow in getting water upon the flames, and after the water was applied two sections of the Cleveland company's hose burst, thus causing a delay in extinguishing the fire. Chief Engineer Fordney being absent from the city, Assistant Engineer Arnold had charge at the fire. He suggests that as the time for which the Cleveland company guaranteed the hose has not yet expired, the city council should see that the company makes good its guarantee. The burnt building was an old one of no great value. The loss will not probably be more than \$100 or \$200, on which there is no insurance.

It is rumored that one of the neighbors saw two men jumping over the fence adjoining the burnt building just before the fire broke out.

Francis D. Becker and family are put to some inconvenience, as they had intended to move into the building today.

IN THE WOODS.

Brookstown Campmeeting.
Rev. F. Krecher preached an able sermon yesterday morning from I Cor., xxi, chapters. The communion was administered to a large congregation. Rev. J. Zern, preached from I Cor., xv, 58, and he was followed by Rev. W. A. Propolis. In the afternoon, Rev. J. Zern led the missionary prayer meeting and a collection of \$283 was taken up for missionary purposes. Rev. Jos. Specht preached at 3 o'clock to the great satisfaction of those assembled.

In the evening Rev. F. Sechrist preached an effective and earnest sermon from Psalm cxvii, v. At 9 p. m. the members of the campmeeting formed a circle and the usual good-by was given. It was a happy occasion to all present, and good order was observed. There was a very large attendance. This ends the meeting, to commence again next Wednesday at Sinking Spring.

Democratic Meeting.
The lower story of the Misher building, in the southeast angle of Centre Square, having been fitted up as a reading room for the Democratic party in this city, and furnished with tables, chairs, etc., to accommodate it to this purpose, will henceforth be open during the day and evening until the end of the campaign. The Philadelphia Times, Record, Chronicle-Herald, New York World and Sun and all the leading Democratic papers of Pennsylvania will be found on file, and from time to time special campaign publications, portraits, campaign songs, speeches, etc., will be furnished to visitors. Open to all.

The spacious open platform at the same place has been fitted up for public meetings and other parts of the building are furnished for committee rooms, storage rooms and similar purposes. The list of committee and club meetings will be found in our political bulletin.

Fest of the Assumption.
In St. Mary's Catholic church, to-morrow, there will be low mass at 6 and 8 a. m., and at 10 o'clock a solemn high mass will be celebrated. At 7 p. m. there will be vesper and a procession of the sodality. As stated yesterday, Father Woodman, a son of the superintendent of the Fulton mill, a member of the parish of order of priests (composed entirely of converts to Catholicism), an eloquent young priest, will preach at this service. Father Blake, O. S. A., of Villa Nova, will also take part in the services.

COURT.

Business Transacted This Morning.
This morning court met at 10 o'clock, for the first time in several weeks. Both judges were on the bench.

Opinion.

Judge Patterson delivered an opinion in the following case:
C. A. Greene, charged with practicing medicine without a license. Demurrer to indictment. Demurrer overruled and indictment sustained.

Miscellaneous Business.

In the case of Mary Ann Kreider, who was allowed \$2 per week alimony pending the suit of her husband, Anos Kreider, for divorce, the allowance now being due and unpaid amounting to \$10, a rule was granted to show cause why an attachment should not be issued against her husband to compel compliance with the court's order.

The license of Aldus Fulmer, formerly of Hotel Franke, was transferred to John Hess.

The license of John Rohrer, of the Seventh ward, this city, was transferred to John Bender.

Divorces.

The following persons were divorced by the court:
Gottlieb Pfaff, of this city, from his wife Christiana Pfaff; grounds, desertion.

Mary A. Miller, of this city, from her husband, Benjamin E. Miller; grounds, desertion.

Sarah A. Shank, of Elizabethtown, from her husband, Ebenezer Shank; grounds, desertion.

Habeas Corpus Case.

In court this afternoon a habeas corpus case was heard by the judges. Dora Dittman and Casper Dittman are the names of a wife and her husband. The former resides in this city and the latter at Bird-in-Hand. They have six children, five of whom are with the mother in this city and one with the father. The husband desired to get possession of the two youngest children, and for that reason his wife was summoned to bring the children into court.

Casper stated that he and his wife have been separated for over a year, he has furnished money for and always was willing to live with her, but she refused to live with him. Mrs. Dittman stated that her husband told her to leave the home at Bird-in-Hand; treated her and the family cruelly, especially when drunk; she came to live in the city and he supported her for about a year; for four months she and the children have been supporting themselves and paying the house rent. Two other witnesses were called to testify to Dittman's cruel treatment of his wife.

In rebuttal witnesses were called to show that Dittman did not treat his family badly, that he provided for them, and that he is a hard working man.

The court agreed to allow the children to remain with their mother.

THE RESERVOIR REPAIRS.

The work finished and ready for inspection.

Superintendent Kitch completed some days ago the repairs which have been made inside of the north wall of the east city reservoir, and the brick-layers finished the work today. The work, which was of very considerable magnitude, has been very thoroughly done, and it is confidently believed that the east basin, which has always been leaky and a frequent source of expense to the city, is now perfectly water tight and will remain so for years to come.

The superintendent will make to councils a detailed report of the work, and will ask councils to inspect the basin some day next week, before the water shall be turned into it.

In Memoriam.

A number of old members of the 79th P. V. met at E. K. Martin's office last evening, to take action relative to the death of their former comrade-in-arms, Maj. M. H. Locher. Capt. Gumpf was in the chair and James H. Marshall made the minutes. Colonel H. A. Hambricht, Lieutenant Colonel D. M. Miller, Capt. Edward E. Eckerly, Lieutenant George F. Kurtz, E. K. Martin, esp., Jacob H. Beicher and Samuel Musketman were named as a committee to draft an expression of the grief of the old soldiers at the death of their late associate and of their sympathy with the family, to publish it and send it to the bereaved relatives.

Lamp Post Broken.

This morning a four male team belonging to a man named Miller took fright in rear of the central markets, and running the way to which they were attached against the iron lamp post corner of Grant and Market streets, snapped it off close to the ground as though it had been a pipe stem. The gas pipe in the interior of the lamp post, was also broken off, and for a short time there was a free flow of gas.

A Slight Railroad Wreck.

Last night about 10 o'clock the axle of the tank attached to the locomotive 305 of the Pennsylvania railroad, broke just in rear of the freight depot, this city, and the tank was thrown from the track, blocking the road for some time. The Cincinnati express east was detained for ten or fifteen minutes and a stock train, to which the disabled engine was attached, was detained for some hours.

Another Child Bitten.

Yesterday afternoon a little child of John Humphreys 34 South Water street was bitten in the leg by a dog which was playing on a neighbors front stoop. The wound is not serious. It will be recollect that another of Mr. Humphreys' children was bitten (not by the same dog) a few days previous.

Bird-in-Hand Items.

The farmers in this vicinity are busy cutting their tobacco, which will be a first class crop.

Single & Morrin, tobacco packers near this place, sold a small packing of forty-two cases of tobacco to a New York firm on private terms.

Mistakes Should Be Corrected.
Particularly the practice of taking medicines into the system by way of the stomach for diseases of the kidneys. It is an old tradition, well tried, and proven inefficient. The true method is absorption, as proven by the great success of Dr. Sayer's Kidney Pur.

Equally adapted to the feeble or robust, male or female, are Maud's Bitters.

A woman's beauty is never lost
So long as her sweet smile remains—
So long as her teeth are like the frost,
And her soft lip the ruby stains;
And SOZODONT, with magic power,
Restores to her this priceless power.

Shaving is a really business, shaving with
Cuticura Shaving Soap alone excepted.

THIRD EDITION.

THURSDAY EVENING, AUG. 14, 1880.

WEATHER INDICATIONS.
WASHINGTON, D. C., Aug. 14.—For the Middle Atlantic states, partly cloudy weather, with occasional rain and southwest to northwest winds, stationary temperature and stationary or higher barometer.

A HEINOUS CHARGE.
EASY TO MAKE—HARD TO DISPROVE.
Jealousy, Murder and Suicide—A Mail Pouch Stained—Railroad Accidents, Fires and Disasters of Various Kinds.

BALTIMORE, Aug. 14.—James O'Sullivan, superintendent of a New York foundling asylum, has been arrested here for felonious assault on Julia Fife, aged nine years. O'Sullivan was taking the girl from Abbotstown, Pennsylvania, to the asylum in New York, but instead of proceeding direct to the latter place, he took her to Hanover, Pennsylvania, where they stayed at a hotel all night and then came on to Baltimore.

The girl's conduct betraying fears of O'Sullivan attracted attention here and he was arrested when the girl told the foregoing story. The court discharged him because the offence was not committed in Maryland, but he was immediately rearrested and is now held for a requisition from the authorities of Pennsylvania. Mr. Thomas Powell, special detective from York county, Pa., came to Baltimore last night and had a consultation with Marshal Gray in reference to the case. Mr. Powell will be with instructions of District Attorney John W. Heller.

A Verbatim Copy.
LONDON, August 14.—Following is a verbatim copy of the important dispatch received by the Daily News from St. Petersburg correspondent last night.

I have grave reason to believe that Ayoub Khan has been acting in concert with the Russian army, and that the Russian army, and that the worst suspicions are not without some foundation. I would assuredly not send such disconcerting intelligence except on the most serious grounds.

The expression, "worst suspicions," probably refers to Russian intrigues.

A MYSTERY.
Probable Accident to a Mail Messenger.
New York, Aug. 14.—A report of an accident on the New York and New England railroad reached the postoffice here this morning, unaccompanied by any details. The mail from Boston due here at 5 a. m., did not arrive until ten and the canvas of one of the mail bags was soaked and contents stained with blood. No agent of the postoffice accompanied this bag, so no explanation was given. Nothing is known at the Grand Central depot concerning the matter.

DOMESTIC INFELICITY.
Giving Rise to an Awful Tragedy.
MINNEAPOLIS, Minn., August 14.—Yesterday morning Charles Richmond, a conductor on the Northern Pacific railroad, shot and killed his wife, and immediately afterwards put a bullet through his own head. He emptied two barrels of a shotgun into her body. They had not been living together for a year past.

Sparks from the Wires.
Secretary Eavis having fully examined into the alleged firing upon the American flag in Spanish waters, has addressed a communication to the Spanish government on the subject of the alleged outrage.

A fire broke out this morning in Lappan & Co.'s Ohio woodenware company's manufactory, Cincinnati, a large four-story brick building on the flats. Since then the lumber yard adjoining has caught fire.
